

HIGH SCHOOL VACCINATIONS: Information for parents

Bolton NHS Foundation Trust has a dedicated School Aged Immunisation Team made up of highly skilled staff who are experienced in offering vaccinations to all high school aged children in Bolton.

What vaccinations should I expect my child to receive this term?

From January 2024 to April 2024, the Immunisation Team will complete the booster Tetanus, Diphtheria, Polio and Meningitis ACWY Vaccinations for pupils in Year 10, and start to offer the HPV (Human Papillomavirus) Vaccinations to all young people in Year 8.

HPV - What do I need to do?

- A consent pack will be sent home through school. Please return this consent form to school, even if you do not wish for your child to receive these vaccinations, so we can update your child's records.
- If you received a consent pack before schools closed in December, please can you return this to school in the envelope provided on your child's return to school in January, so we can ensure that your child is vaccinated on the dates we have booked in school.

Year 11 Pupils

From January to August, the Immunisation Team will be offering all Young People in Year 11 any outstanding vaccinations of:

- HPV
- MMR
- Tetanus, Diphtheria, Polio, and Meningitis ACWY

If you think your child may be outstanding with any of these vaccinations or would like to discuss how your child can receive these vaccinations, please contact the team, via any of the contact measures at the bottom of the page.

The team will also be offering the **MMR Vaccination** to any young person in Year 8 & 10, alongside their routine vaccinations, who maybe outstanding MMR vaccines, to protect against Measles, Mumps, and Rubella. If you think your child is incomplete with these vaccinations, please contact the Immunisation Team to discuss further. If your child is in Years 7 and 9, please contact your GP Practice.
